Re: Tifa Limited Information Request  
Our File No. 5394

Dear Mr. Librizzi:

Enclosed please find a letter to the U.S. Environmental Protection Agency dated December 7, 1983, requesting information under 5 U.S.C. §552. The EPA in Washington telephoned my office to advise me that I should contact the region II office directly in order to obtain the necessary information.

We are requesting a copy of the entire file in the Region II office concerning Tifa Limited and the Millington Asbestos site as well as all documentation respecting the site which in any way concerns National Gypsum the generator of the waste.

If you will advise our office of the costs and procedures for securing these materials as required by Federal Statute, we will proceed along those guidelines.

Thank you for your anticipated cooperation with respect to this request for information.

Very truly yours,
